Pietro Drogo

Rig Manager | Drilling Superintendent | Senior Toolpusher | Onshore Drilling
Email: pietro.drogo@gmail.com | Phone / WhatsApp: +39 338 128 1629 | Location: Italy and Brazil
TECHNICAL PORTFOLIO https://pietrodrogo174.github.io/

PROFESSIONAL SUMMARY

International onshore drilling professional with more than 20 years of experience in oil and gas and geothermal drilling across Brazil, Peru, Argentina, Chile, Venezuela, India and Europe. Background in rig management, drilling supervision, multi-rig operational oversight, HSE leadership, equipment integrity, rig moves, project scheduling, operational budgets, cost control, key performance indicators (KPIs), non-productive time (NPT) reduction and client coordination. Extensive experience with Drillmec HH hydraulic hoisting rigs. IADC Well Control Supervisor certification valid through April 2028. Proven ability to rapidly diagnose and resolve complex operational and technical problems, minimise downtime and restore safe drilling operations in accordance with approved procedures and rigorous quality, occupational health and safety, and environmental standards within ISO 9001, ISO 14001 and ISO 45001 management systems.

CORE SKILLS

- Onshore rig management; drilling operations supervision; drilling crew leadership; client and contractor coordination
- Drillmec HH100, HH200 and HH300 series; top drive systems; hydraulic power units; mud pumps; BOP and well control equipment
- Operational and technical troubleshooting; rapid fault diagnosis and problem resolution; safe return to operations; compliance with approved procedures and ISO 9001, ISO 14001 and ISO 45001 management systems
- Rig moves and mobilisation; well-to-well and pad-to-pad skidding; cross-border logistics; site layout; route surveys
- Budgeting; operational cost control; forecast support; KPI reporting; planned-versus-actual analysis; NPT and downtime management
- HSE and HSEQ; Permit to Work (PTW); Lockout/Tagout (LOTO); risk assessment; toolbox talks; equipment inspection
- API Level IV inspection coordination; preventive and corrective maintenance; spare parts and critical inventory
- Microsoft Project; AutoCAD 2D/3D; Microsoft Excel; drilling data acquisition systems (PASON and NOV)

PROFESSIONAL EXPERIENCE

Rig Manager / Superintendent - Petreven Brazil - MEIL Group

2022 - Present | Rio Grande do Norte and Bahia, Brazil

- Manage onshore drilling operations on Drillmec HH102 and HH300 rigs, including operational readiness, crew supervision and client coordination.
- Control operating budgets, monitor rig performance, analyse downtime and coordinate corrective actions with maintenance teams.
- Coordinate rig moves, equipment inspections, spare parts planning and procurement priorities to sustain safe operations.
- Provide technical and operational input to clients on recurring issues and planning of future wells.

Drilling Superintendent - Petreven Peru - MEIL Group

2021 - 2022 | Talara, Piura, Peru

- Managed multiple drilling rigs simultaneously for different clients, coordinating site visits, operational priorities and issue resolution.
- Monitored rig KPIs, NPT, operating costs and budget variances; prepared management reports and corrective action plans.
- Coordinated client relationships, critical spares, consumables and operational improvement initiatives.
- Implemented management-by-objectives (MBO) initiatives and documented progress against agreed targets.

Senior Toolpusher - Petreven India - Schlumberger / Cairn

2020 - 2021 | Rajasthan, India

- Supervised Drillmec HH200 gas-well operations in an H2S environment, applying well control and HSE requirements.
- Coordinated daily drilling activities, equipment readiness, performance monitoring and inventory of critical components.
- Worked directly with client representatives to resolve operational challenges and improve rig performance.

Rig Manager - Petreven Argentina - MEIL Group

2018 - 2019 | Argentina

- Led rig-up projects for Drillmec HH104 and HH108 rigs for Pan American Energy and YPF.
- Planned mobilisation, maintenance, inspections, contractor work and logistics using Microsoft Project.
- Controlled project schedules and costs, including transport, materials, spare parts and third-party services.
- Coordinated HSEQ procedures, permits and crew training with the HSEQ department.

Drilling Superintendent - Geothermal - Petreven Chile - ENEL Green Power

2015 - 2018 | Pampa Apacheta, Chile

- Managed geothermal drilling operations on a winterized Drillmec HH220 rig at approximately 4,500 metres altitude for a 48 MW power plant project.
- Coordinated high-altitude logistics, operational planning, client interface, spare parts and budget control.

Drilling Superintendent - Petreven Venezuela - Gruppo Trevi

2012 - 2014 | Venezuela

- Supervised Drillmec HH200 and HH300 onshore rigs for PDVSA projects involving clustered wells and directional drilling.
- Coordinated drilling responses to wellbore problems, stuck pipe, sidetracks, back-off and specialist wireline services.

Senior Toolpusher / Drilling Supervisor - Petreven Peru - Gruppo Trevi

2006 - 2012 | Peru

- Supervised onshore oil and gas drilling operations across campaigns exceeding 500 wells.
- Coordinated rig maintenance, equipment inspections, client relations and ISO-related procedures.

CERTIFICATIONS AND TRAINING

- IADC Well Control - Drilling Operations, Supervisor, Surface/Subsea; completed 21 April 2026; valid until 21 April 2028.
- H2S training (renewal pending); Permit to Work; LOTO; HSE, firefighting and first aid training (some certificate renewals pending).

EDUCATION

Diploma in Surveying (Geometra), 1993 - Italy

LANGUAGES

Italian: Native | Spanish: Fluent | Portuguese: Fluent | English: Professional working proficiency

ADDITIONAL INFORMATION

International mobility: Middle East, Latin America, Africa and other onshore locations. Rotational assignments preferred. Availability: subject to completion of current employment notice requirements.
